# Edit prices

You can edit prices for one or more colorways. To do so, view the colorway and select "Edit prices" from the Actions menu, the following window appears:

Enter the prices then click **Update**. You can also select multiple colorways then click **Edit prices** and repeat the steps mentioned above.

Note:

- If the article is in a state for which prices are locked and cannot be updated, the following message appears when trying to edit the article price:

If change requests are configured, you can submit a change request for the price change.
