

Request to add similar style

You can add a request to add similar style and enter the number of colorways. Separate requests are created depending on the number entered. The style name should be entered. To do so, follow these steps:

1. Right-click the colorway you want then select “Request to add similar style” or select the colorway you want then click **Request to add similar style**, the following window appears:

The screenshot shows a mobile application interface with a sidebar on the left containing navigation icons for Catalog, Favorites, Collections, Resources, Merch, Search Data, Export, and Switch. The main content area is a 'Request To Add Similar Style' form. The form has a title bar with a back arrow and a close 'X' button. The form fields are arranged in two columns. The left column includes: MSRP (0.0000, with a red error 'MSRP is required'), CUSTOMER (dropdown, red error 'Customer is required'), STYLE NAME (text input, red error 'Style Name is required'), DIVISION (dropdown set to 'Accessories'), MERCH DEPARTMENT (dropdown, red error 'Merch Department is required'), SIGNATURE COLLECTION (dropdown, red error 'Signature Collection is required'), and MERCH SUB-CLASS (dropdown, red error 'Merch Sub-Class is required'). The right column includes: UNITS (numeric input, red error 'Units is required'), COMMENTS (text input, red error 'Comments is required'), GENDER (dropdown), TECH PLATFORM (dropdown, red error 'Tech Platform is required'), MERCH MOMENTS (dropdown, red error 'Merch Moments is required'), MERCH CLASS (dropdown, red error 'Merch Class is required'), and SUB-CATEGORY (END USE) (dropdown, red error 'Sub-Category is required'). At the bottom right, there are three buttons: 'CANCEL', 'SAVE AS DRAFT' (highlighted in orange), and 'SAVE'.

2. Enter the price,
3. Enter the number of colorways which specifies the number of requests that are created,
4. Enter the request attributes,
5. Enter the article name,
6. Add attachments, if you want,
7. Select whether you want to save the request as a draft or as a new request by clicking the respective button,

The request thumbnail appears as shown in the below example:

Requests can then be approved or rejected.

Note:

- If the catalog is configured to copy the style price, the retail price is copied into a configured request attribute (MSRP) from the existing style and the value can be edited.
