

## Request to add similar style

You can add a request to add similar style and enter the number of colorways. Separate requests are created depending on the number entered. The style name should be entered. To do so, follow these steps:

1. Right-click the colorway you want then select “Request to add similar style” or select the colorway you want then click **Request to add similar style**, the following window appears:

The screenshot shows a mobile application interface with a sidebar on the left containing navigation icons for Catalog, Favorites, Collections, Resources, Merch, Search Data, Export, and Switch. The main content area displays a 'Request To Add Similar Style' form. The form has a title bar with a back arrow and a close 'X' button. The form fields are arranged in two columns. The left column includes: MSRP (0.0000 with minus/plus icons), CUSTOMER (Select dropdown), STYLE NAME (text input), DIVISION (Accessories dropdown), MERCH DEPARTMENT (Select dropdown), SIGNATURE COLLECTION (Select dropdown), and MERCH SUB-CLASS (Select dropdown). The right column includes: UNITS (text input with minus/plus icons), COMMENTS (text input), GENDER (Select dropdown), TECH PLATFORM (Select dropdown), MERCH MOMENTS (Select dropdown), MERCH CLASS (Select dropdown), and SUB-CATEGORY (END USE) (Select dropdown). Red error messages are present below several fields: 'MSRP is required', 'Units is required', 'Customer is required', 'Comments is required', 'Style Name is required', 'Gender is required', 'Tech Platform is required', 'Merch Moments is required', 'Merch Class is required', and 'Sub-Category (End Use) is required'. At the bottom of the form, there are three buttons: 'CANCEL', 'SAVE AS DRAFT' (highlighted in orange), and 'SAVE'.

2. Enter the price,
3. Enter the number of colorways which specifies the number of requests that are created,
4. Enter the request attributes,
5. Enter the article name,
6. Add attachments, if you want,
7. Select whether you want to save the request as a draft or as a new request by clicking the respective button,

The request thumbnail appears as shown in the below example:

Requests can then be approved or rejected.

**Note:**

- If the catalog is configured to copy the style price, the retail price is copied into a configured request attribute (MSRP) from the existing style and the value can be edited.
