

Dashboard

This module displays the number of dropped articles that are used in Favorites, Merch Boards, and Orders. It also lists up to 10 orders along with their statuses as shown below:

When you click on any of the dashboard items, i.e. favorites or orders, you are redirected to the module.

To view the list of dropped articles that are used in Favorites, Merch, and Order modules, click the button next to Drop Impact, articles are listed as shown in the below example:
