

# Dashboard

This module displays the number of dropped articles that are used in Favorites, Merch Boards, and Orders. It also lists up to 10 orders along with their statuses as shown below:

The screenshot displays the T1-STUDIO (DOC) - WINTER COLLECTION dashboard. On the left is a vertical navigation menu with icons for Dashboard, Catalog, Favorites, Collections, Resources, Merch, Order, Export, Switch, and IT. The main content area features two panels:

- DROP IMPACT**: A table showing the number of dropped articles used in different modules.

Module	Count
Favorites	1
Merch	0
Order	2
- ORDER STATUS**: A list of 10 orders with their statuses.

Order ID	Status
11111-SHOP01-450920	Submitted
11111-SHOP01-515069	Submitted
11111-SHOP02-267280	Re-Opened
11111-SHOP01-904491	Draft
11111-SHOP01-178563	Approved
11111-SHOP01-522797	Approved
11111-SHOP01-288862	Rejected
11111-SHOP01-363989	Submitted

At the bottom right of the dashboard, there is a status bar showing "Access: Full Range", "Package: 1.66", and "Online".

When you click on any of the dashboard items, i.e. favorites or orders, you are redirected to the module.

To view the list of dropped articles that are used in Favorites, Merch, and Order modules, click the button next to Drop Impact, articles are listed as shown in the below example:
