

Add resource

To add a resource, follow these steps:

1. Click **+ Add resource**, the following window appears:

The screenshot shows a dialog box titled "Add Resource" with a close button (X) in the top right corner. The dialog contains the following fields and options:

- RESOURCE TYPE:** A dropdown menu with "Select" as the current selection.
- RESOURCE NAME:** A text input field.
- RESOURCE IMAGE:** A large rectangular area with the text "Drag & drop file here Or Paste file here" centered inside.
- RESOURCE ICON:** A large rectangular area with the text "Drag & drop file here Or Paste file here" centered inside.
- ARTICLE NUMBERS:** A text input field with a small icon at the end.

At the bottom right of the dialog, there are two buttons: "CANCEL" and "SAVE". The "SAVE" button is highlighted in blue.

2. Select the resource type, the allowed file formats are listed on the same window,
3. Enter the resource name,
4. Drag the resource file you want and drop it in the specified area, or click and browse for the file you want,
5. Drag the icon file, if you want, and drop it in the specified area, or click and browse for the file you want,
6. Enter the article numbers to which you want to assign this resource,
7. Enter the resource category, if you want,

8. Enter the sort order, if you want,
9. Select whether you want the resource to be cascaded to child catalogs or not by clicking the slider button,
10. Enter the description, if you want,
11. Click **Save** to add the resource. The resource is added to the list.
