

VAS

If the value added service (VAS) is activated for the selected catalog, and values are added to the seller, you can update VAS for any of the orderlines. To do so, click **VAS** next to the orderline, or select the ones you want to update, then click **VAS**, the following window appears:

The image shows a dialog box titled "Manage VAS" with a close button (X) in the top right corner. Inside the dialog, there is a section labeled "SELECT VAS" with a dropdown menu that currently displays "Select VAS" and a downward arrow. Below this section is a large empty area. At the bottom of the dialog, there are two buttons: "CANCEL" and "SAVE". The "SAVE" button is highlighted in blue.

Select the VAS you want, the value is added as shown in the below example:
