

Set prices (bulk) by licensee style number

Through this option, you can upload a file with multiple prices to assign to licensee models. At least one price group of the selected catalog should be mapped to licensee style numbers. To import a file with prices, follow these steps:

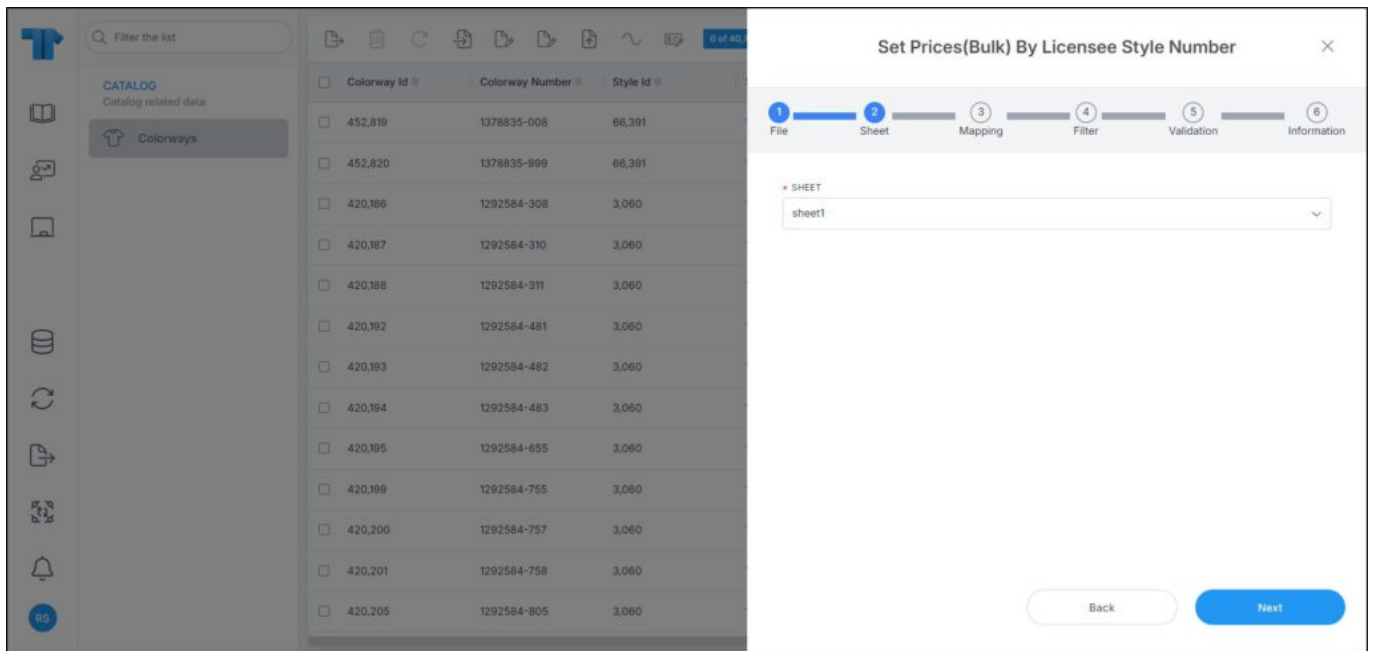

1. Click **Set prices (bulk) by licensee model number** button, the following window appears:

The screenshot shows a software interface for setting prices. On the left, a sidebar contains a search bar and a 'CATALOG' section with 'Colorways' selected. The main area displays a table with the following data:

Colorway Id	Colorway Number	Style Id
452,819	1378835-008	66,391
452,820	1378835-999	66,391
420,186	1292584-308	3,060
420,187	1292584-310	3,060
420,188	1292584-311	3,060
420,192	1292584-481	3,060
420,193	1292584-482	3,060
420,194	1292584-483	3,060
420,195	1292584-655	3,080
420,199	1292584-755	3,060
420,200	1292584-757	3,060
420,201	1292584-758	3,060
420,205	1292584-805	3,060

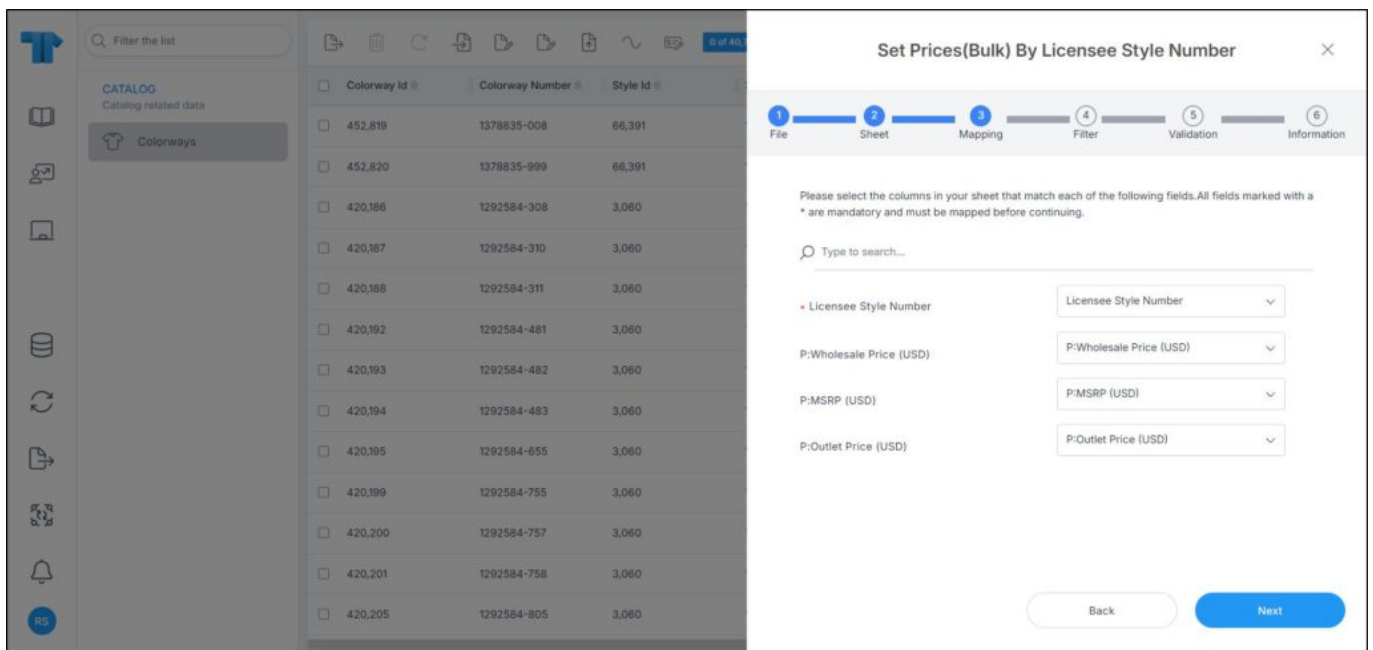

On the right, the 'Set Prices(Bulk) By Licensee Style Number' dialog box is open. It features a progress bar with steps: 1. File, 2. Sheet, 3. Mapping, 4. Filter, 5. Validation, 6. Information. Below the progress bar, there are radio buttons for 'Last Used File' and 'New File'. A dashed box contains an upload icon and the text 'Click to browse or drag and drop Excel (xlsx)'. At the bottom, there are 'Back' and 'Next' buttons.

2. Click **Select** to browse for the file you want to import,
3. Select the file then click **Open**, the name of the file you selected appears in its field, click **Next**, the following window appears:

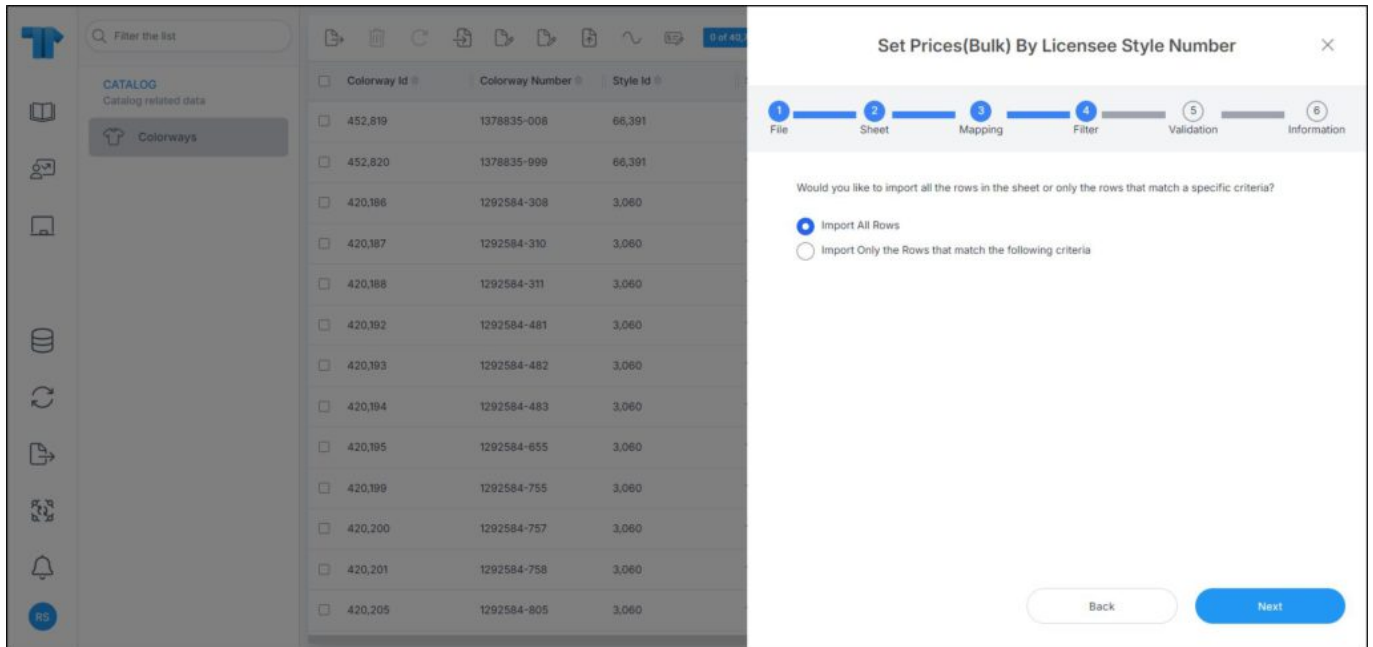

You can click **Back** to return to the previous window.

4. Select the sheet you want from the dropdown list in case your Excel file contains more than one sheet,
5. Click **Next**, the following window appears:

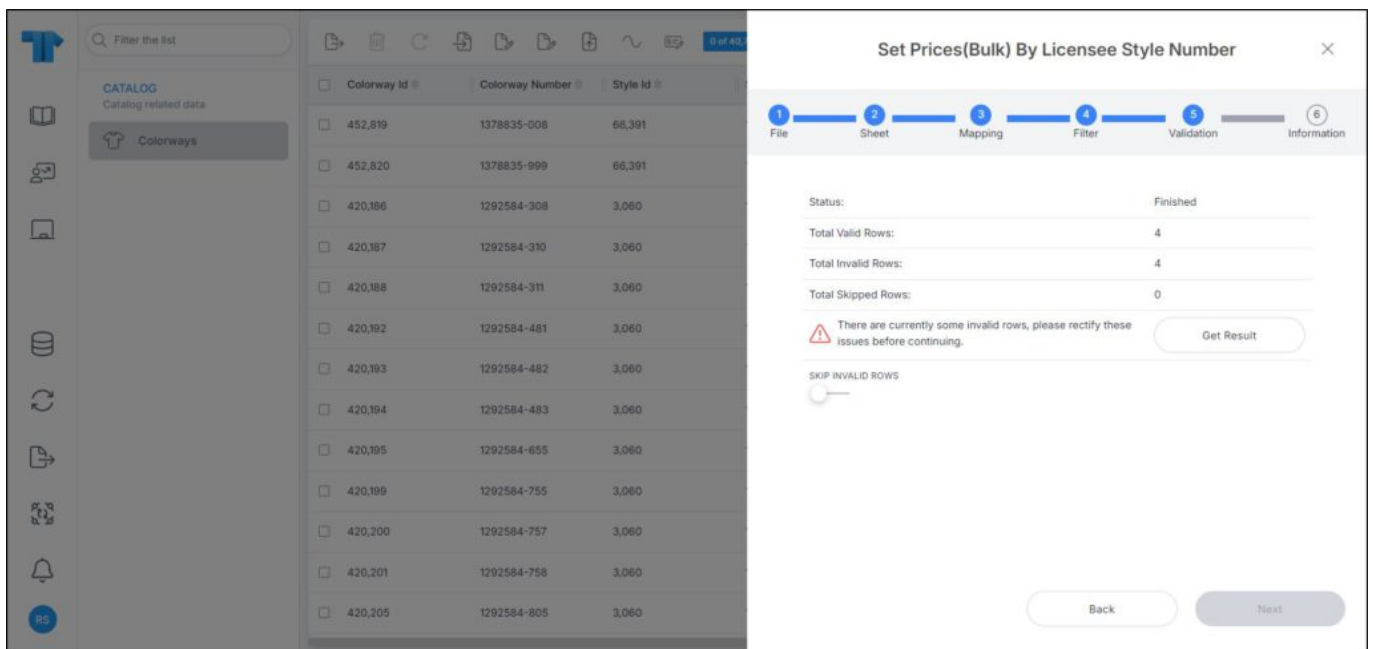

6. Select the column of the sheet that matches each field, you can search for the field you

want using the search field, then click **Next**, the following window appears:

7. Click the radio button next to the import method, either all rows or rows that match certain criteria, a validation window appears informing you if records are valid or not, if not, you need to fix the sheet then import the file again,
8. Click **Next**, the following window appears:

The above example shows that some records are invalid. You can click the **Get results** button to download the results file and check the error then import the file again, or click the slider next to Skip invalid rows. When the slider is on, the **Next** button is activated.

9. Click **Next**, the following window appears:

The screenshot displays a software interface with a sidebar on the left and a main content area. The sidebar includes a search bar, a 'CATALOG' section with 'Colorways' selected, and various icons. The main content area shows a table with columns for 'Colorway Id', 'Colorway Number', and 'Style Id'. The table contains 15 rows of data. A modal window titled 'Set Prices(Bulk) By Licensee Style Number' is open on the right. The modal has a progress bar with six steps: 1. File, 2. Sheet, 3. Mapping, 4. Filter, 5. Validation, and 6. Information. Below the progress bar, a message states: 'Your data is ready to be imported, please click on the Submit button below to submit the request to the server.' At the bottom of the modal, there are two buttons: 'Back' and 'Import'.

Colorway Id	Colorway Number	Style Id	
<input type="checkbox"/>	452,819	1378835-008	66,391
<input type="checkbox"/>	452,820	1378835-999	66,391
<input type="checkbox"/>	420,186	1292584-308	3,060
<input type="checkbox"/>	420,187	1292584-310	3,060
<input type="checkbox"/>	420,188	1292584-311	3,060
<input type="checkbox"/>	420,192	1292584-481	3,060
<input type="checkbox"/>	420,193	1292584-482	3,060
<input type="checkbox"/>	420,194	1292584-483	3,060
<input type="checkbox"/>	420,195	1292584-655	3,060
<input type="checkbox"/>	420,199	1292584-755	3,060
<input type="checkbox"/>	420,200	1292584-757	3,060
<input type="checkbox"/>	420,201	1292584-758	3,060
<input type="checkbox"/>	420,205	1292584-805	3,060

10. Click **Import**, the progress is displayed and can be tracked through the Notifications module,

11. Refresh the page to display the updated records.
