You can carryover multiple colorways belonging to multiple styles and seasons other than the current season. You need to add the seasons through the Filter.

The screenshot shows a 'Carryover Colorways' dialog box with a close button (X) in the top right corner. Below the title, there is a prompt: 'Please enter value for colorway attributes'. A checkbox labeled 'Apply same attribute value for all colorways' is present. The main area contains a table with the following columns: COLORWAY, PERIOD, RETAIL INTRO MONTH, RETAIL EXIT MONTH, SHIPMENT START DATE, SHIPMENT END DATE, and COLORWAY GROUP. Two rows of data are shown:
