

## Deactivate colorway

To deactivate any of the catalog colorways, if you have the required privileges, view the colorway you want, then select **Deactivate** from the Actions menu, the following window appears:

The screenshot shows a 'Deactivate' dialog box overlaid on a catalog management interface. The dialog box contains the following elements:

- A yellow header bar with the text: "Are you sure you want to deactivate 6001456-P04?"
- A dropdown menu labeled "DROP REASON" with a downward arrow.
- Two buttons at the bottom: "Cancel" and "Deactivate".

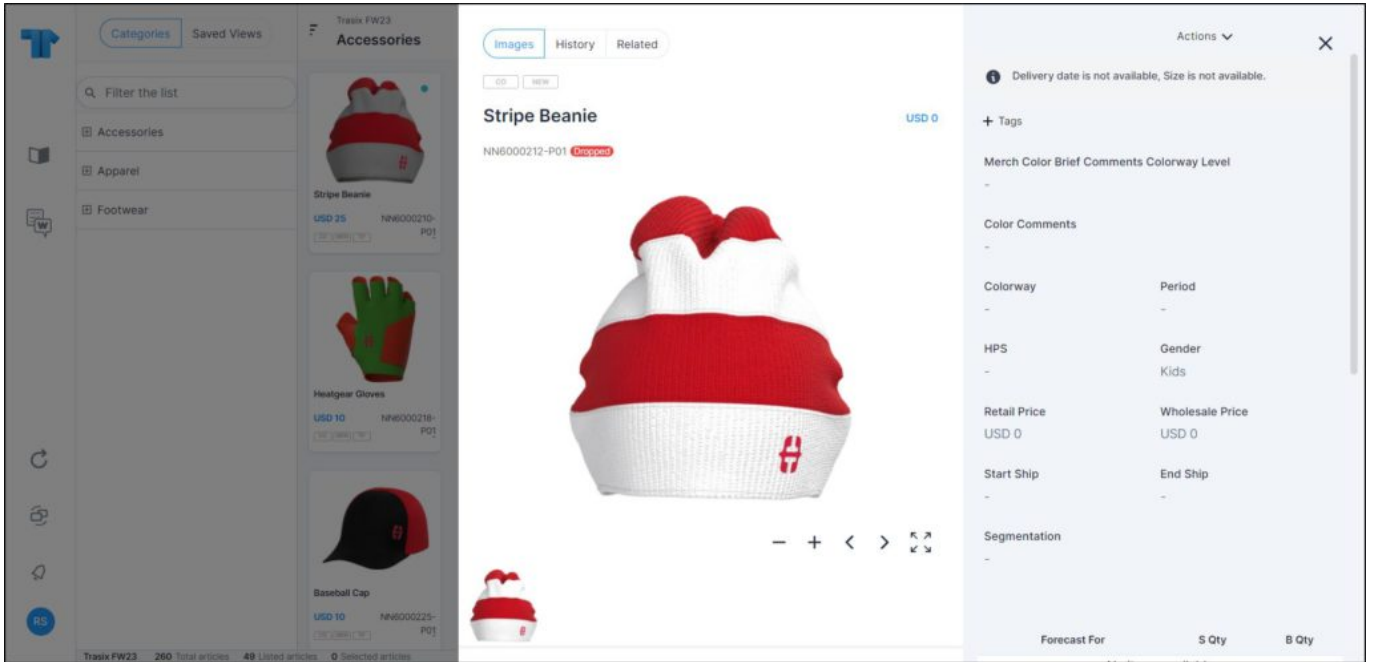

The background interface shows a chart titled "6001456 / Bandana / Design" with a legend for "SKUs". Below the chart is a table with columns for SEASON, 6M, Q1, Q2, Q3, Q4, STORY TIER, CALENDAR, and COMP STYLE. The table contains the following data:

SEASON	6M	Q1	Q2	Q3	Q4	STORY TIER	CALENDAR	COMP STYLE
SS24	P09 - Apparel	102 - Apparel	<del>109 - Apparel</del>	+	+			
FW23								
SS23								

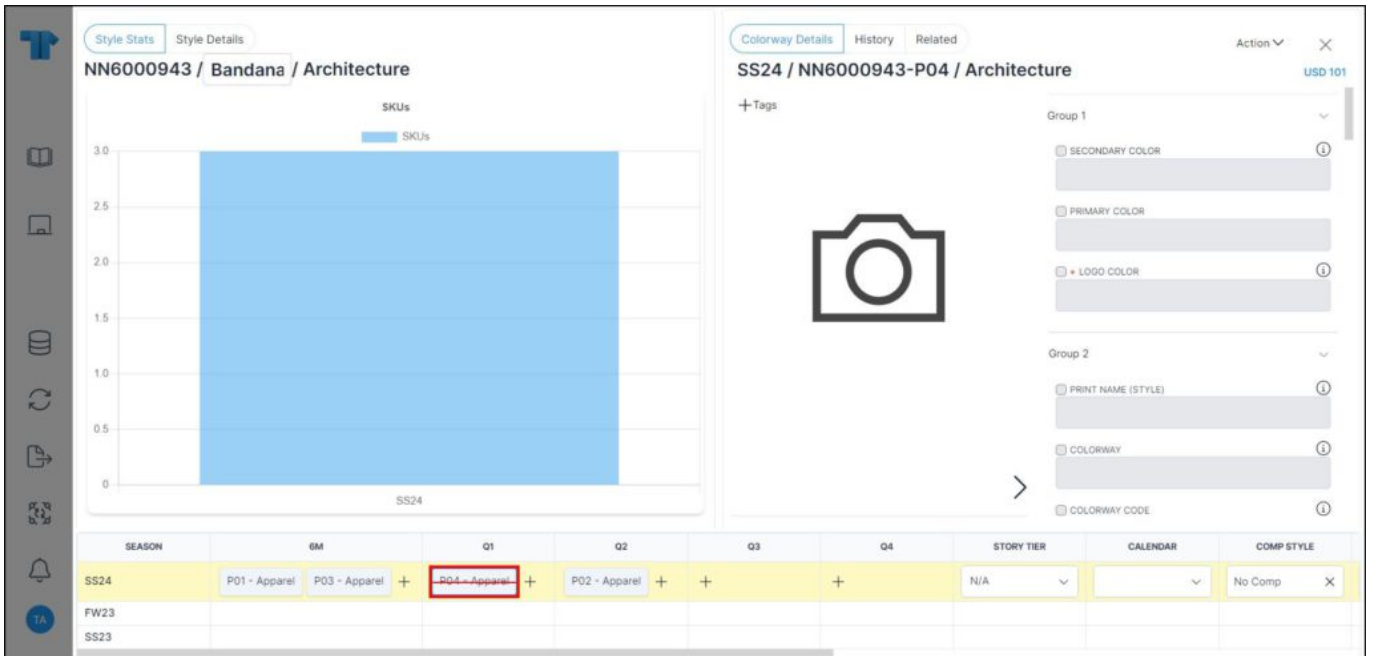

Select the drop reason then click **Deactivate**. Drop reasons are configured at the seller level. The selected colorway is deactivated.

You can also select more than one colorway, then click **Deactivate**.

Depending on the layout, the colorway can be marked as **Dropped** as shown in the below example:

Or the deleted colorway is marked with a red horizontal line as shown in the below example:

All attributes are deactivated and cannot be updated. You can activate the colorway as mentioned in the following section.

**Note:**

- For child catalogs, you cannot select the drop reason as it is cascaded from the master catalogs.
