

Export whiteboard frames

You can export the whiteboard frames you have created in Whiteboards module into a Power point file. To do so, follow these steps:

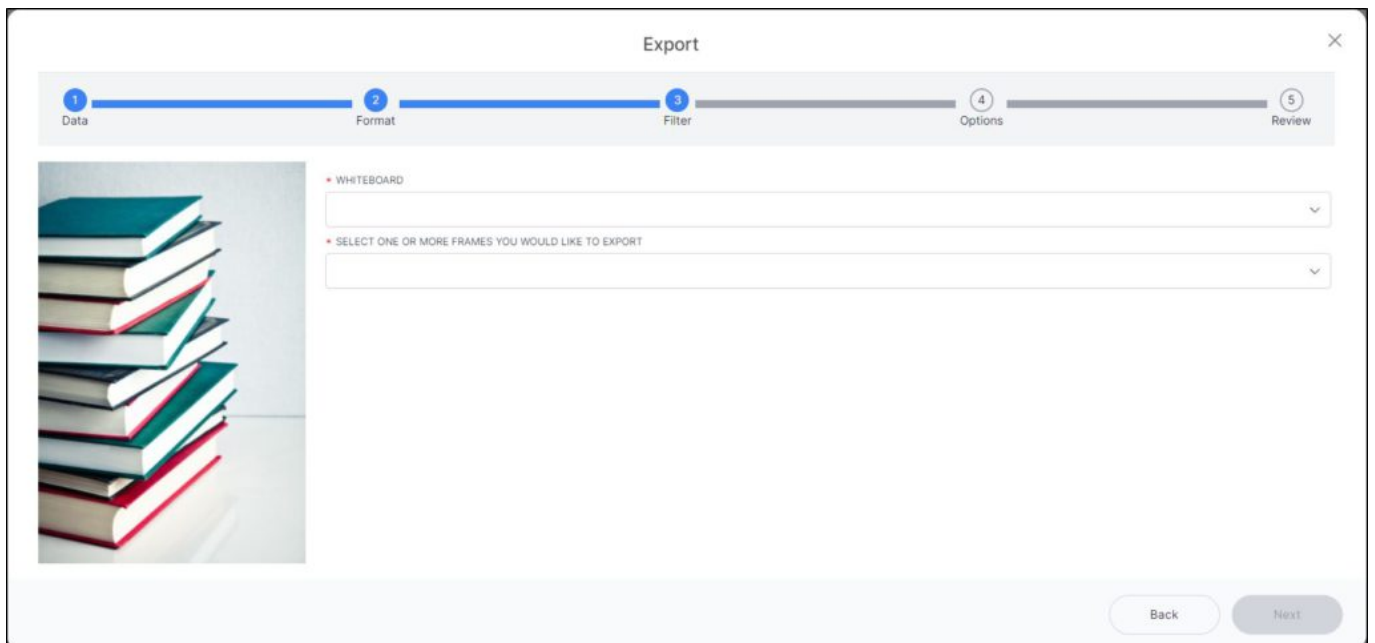

1. Click **Export** then select “Whiteboard frame”, the following window appears:

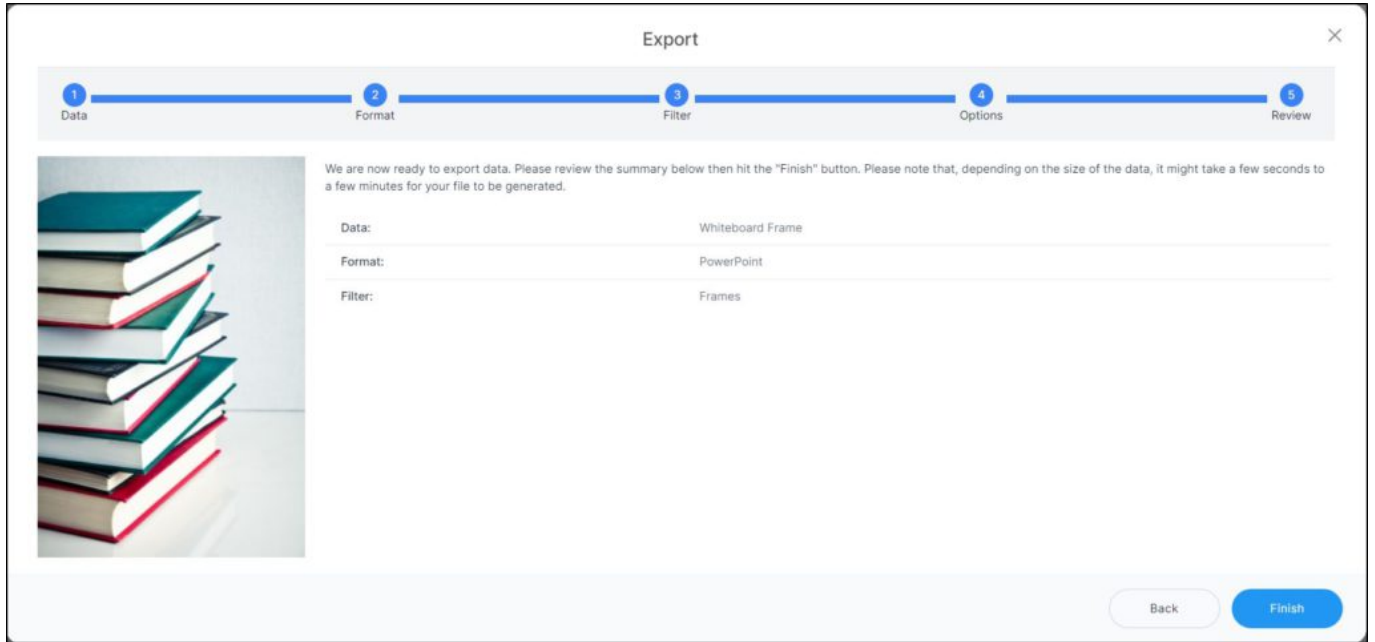

2. Click **Next**, the following window appears:

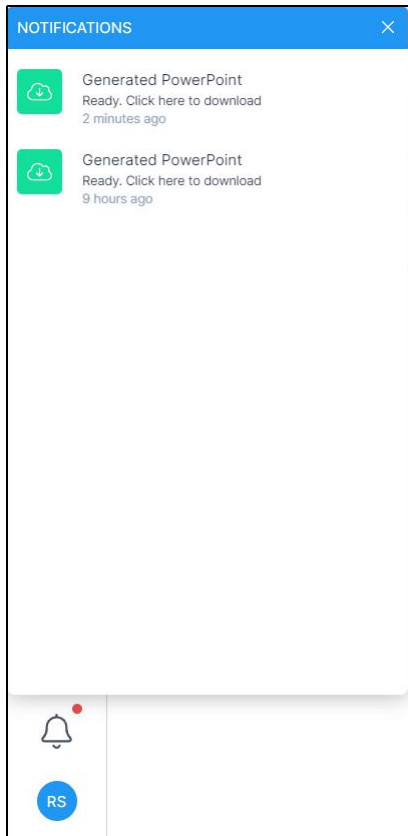

3. Click **Next**, the following window appears:

4. Select the whiteboard, then select the frames you want to export,
5. Click **Next**, the following window appears:

6. Click **Finish**, a notification appears informing you that the generated file is ready for download as shown in the below example:

When the notification is clicked, you can select the location in which you want to save the file on your machine.
