

Create blank order

To create a new blank order, follow these steps:

1. Click **+**, the following window opens:

By default, the (Blank Order) radio button is selected.

2. Select the customer, this option is only available if the selected customer is “Full Range”,
3. Select the location to which you want to add the order,
4. Enter the order alias and customer reference, if you want, each in its field,
5. Click **Save**. The order is created as shown in the below example and it does not contain any orderlines:
