

Edit colorway color

You can update the color assigned to colorways either for an individual colorway or multiple ones.

Edit single colorway color

To update the color for one colorway, select “Edit record” from the Actions menu next to it you want to update, the following window appears:

The screenshot shows a dialog box titled "Edit Record". It features a search bar at the top. Below the search bar, there are two input fields: "Colorway Number*" containing "1379446-P01" and "Color Name*" containing "White". Each field has a close button (X) to its right. At the bottom left, there is a "Print" toggle switch. At the bottom right, there are two buttons: "CANCEL" and "SAVE".

Update the color or the slider button then click **Save**.

Edit multiple colorway colors

To update multiple colorway colors, click the checkbox(es) next to the colorways for which you need to change the color then click  , the following window appears:

Edit Colorway Color

Search

Print

Color Name

CANCEL SAVE

Click the checkbox next to the color name then select the color you want. You can also click the slider button to view or hide the “Print” watermark in the colorway thumbnail.
