

View attribute

To view any of the existing attributes, click its record or select View record from the Actions menu next to it, the following window appears:

The screenshot shows a web application window with two tabs: 'Attribute' (selected) and 'Attribute Group'. The main content area is titled 'Age Group' and contains a detailed view of an attribute record. The record is displayed in a two-column layout with various fields and their values, along with toggle switches for flags.

Field	Value
Id	239
System Name	Age_Group
Initial Value Attribute	(blank)
Validation Message	(blank)
Editable	True
Visible	True
Show in Edit	True
Attribute Name	Age Group
Attribute Type Id	1
Validation Expression	(blank)
Is Required	False
Creatable	True
Visible in List by Default	True
Support Filter Lookup	False

The attribute information is displayed such as its name, system name, and flags. To view the attribute groups to which the attribute is assigned, go to **Attribute group** tab, the following page appears:

The screenshot shows a web application interface for managing 'Attribute Groups'. At the top, there are two tabs: 'Attribute' and 'Attribute Group', with the latter being the active tab. Below the tabs is a toolbar containing a selection checkbox, a refresh icon, a blue button labeled '0 of 1 Selected', a vertical ellipsis menu icon, and a refresh icon. The main content area is a table with the following structure:

Group Name	Group Table	Updated Date	Created Date	Actions
<input type="checkbox"/> Attribute_Group_TW	attributegroup_dynamic_Attribute_Group_TW	Jul 5, 2018	Jul 5, 2018	

Attribute groups are displayed for each one, the group table, updated date and created date. Attribute groups are discussed in details in the next section.
