

Add color definition

To add a color, follow these steps:

1. Click , the following window appears:

The screenshot shows a 'New Record' dialog box with a blue header and a close button (X) in the top right corner. The main area contains two input fields. The first field is labeled 'Color Name *' in red text, with a red underline and a red error message 'Field required' below it. To the right of this field is a character count '0 / 80'. The second field is labeled 'Color Code *' in gray text, with the value '#969696' entered. To the right of this field is a small gray square color picker and a character count '7 / 7'. At the bottom of the dialog, there are three buttons: 'CANCEL' (dark gray), 'SAVE' (light gray), and 'SAVE AND NEW' (light gray).

2. Add color name,
3. Select the color you want from the color picker, or enter the color values,
4. Click **Save** to add the color and close the window, or **Save and new** to add the color and open a new window.

Color is added to the list.
