

Add relation type

To add a new relation type, click the add button, the following window appears:

The screenshot shows a 'New Record' window with a blue header and a close button (X) in the top right corner. Below the header is a search bar with a magnifying glass icon and the text 'Search'. The main form area contains two input fields: 'Name *' and 'Reversed Name'. The 'Name *' field has a red underline and the text 'Field required' below it, and a character count of '0 / 500'. The 'Reversed Name' field has a character count of '0 / 500'. At the bottom of the form are three buttons: 'CANCEL' (dark blue), 'SAVE' (light gray), and 'SAVE AND NEW' (light gray).

Enter the name of the relation type, and the reserved name, each in its field then click **Save** to add it and close the window, or **Save and new** to add it and open a new window. The relation type is added to the list.
