

Catalog attributes

To view the attributes assigned to the catalog, view the catalog you want then go to the **Attributes** tab, the following page appears:

Attribute Name	System Name	Editable	Updated Date	Attribute Type Name	Is Re	Actions
<input type="checkbox"/> End Use	EndUse	● True	Aug 2, 2022	nvarchar	● Fa	⋮
<input type="checkbox"/> Fit Type	FitType	● False	Aug 2, 2022	nvarchar	● Fa	⋮
<input type="checkbox"/> Gender	Gender	● True	Aug 2, 2022	nvarchar	● Fa	⋮
<input type="checkbox"/> Block Images	BlockImages	● True	Sep 22, 2022	nvarchar	● Fa	⋮

The catalog attributes are listed, for each one, the system name, whether the attribute is editable, the updated date, attribute type name, and whether the attribute is required or not, are listed.

You can update the sort order for attributes which specifies the sequence in which attributes are displayed. To do so, select “Update sorting” from the Actions menu next to the attribute, or select the checkbox(es) next to the attribute then click the Update sorting button, the following window appears:

Edit Record ✕

Attribute Name*
