## Delete restricted bucket attribute

To delete any of the restricted bucket attributes, follow these steps:

1. Select the restriction you want to delete by following any of these methods:

   - Select "Delete Record" from the Actions menu next to the restriction you want to delete,
   - Click the checkbox on top of the records to select all restrictions then click the **Delete** button,
   - Click the checkbox(es) next to the restrictions you want then click the **Delete** button,

The following message appears showing the number of selected records:

2. Click **Delete Record** to confirm deleting the record
