

Delete relation type

To delete any of the relation types, follow these steps:

1. Select the relation type you want to delete by following any of these methods:
 - Select “Delete Record” from the Actions menu next to the type you want to delete,
 - Click the checkbox on top of the records to select all relation types then click the **Delete** button,
 - Click the checkbox(es) next to the relation types you want then click the **Delete** button,

The following message appears showing the number of selected records:

2. Click **Delete Record** to confirm deleting the relation types. Its status changes to “Inactive”. You can activate the relation type by following the steps mentioned [“Activate relation types”](#).
