**Delete restricted segmentations**

To delete the restricted segmentation for any of the roles, follow these steps:

1. Select the role you want to delete by following any of these methods:

   - Select "Delete Record" from the Actions menu next to the role you want to delete,
   - Click the checkbox on top of the records to select all roles then click the **Delete** button,
   - Click the checkbox(es) next to the roles you want then click the **Delete** button,

The following message appears:

2. Click **Delete Record** to confirm deleting the role. It is removed from the list.
