

## Edit segmentation group

To update any of the existing segmentation groups, select Edit record from the Actions menu next to it, its details are displayed as shown in the below example:

The screenshot shows a modal dialog titled "Update Segmentation Group" with a close button (X) in the top right corner. Inside the dialog, the label "Segmentations" is positioned above two tags: "Segmentation-1" and "Segmentation-2", each with a small "X" icon to its right. Below these tags is a horizontal line, likely representing a text input field. At the bottom right of the dialog, there are two buttons: a dark grey "CANCEL" button and a blue "SAVE" button.

Update the segmentations then click **Save**.
