

Manage dune context

You can assign a context to the catalog by selecting Manage dune context from the Actions menu next to it, the following window appears:

The screenshot shows a modal dialog box titled "Edit Record" with a close button (X) in the top right corner. Inside the dialog, there is a search bar with a magnifying glass icon and the placeholder text "Search". Below the search bar is a text input field labeled "Context". At the bottom right of the dialog, there are two buttons: a dark gray "CANCEL" button and a blue "SAVE" button.

Select the context you want then click **Save**.
