+

Roles are listed, for each one the name, account type Id, account type are displayed. You can select View attributes from the Actions menu next to the role to view them as shown in the below example:

The screenshot shows a window titled "Attributes" with a blue header bar. Below the header is a toolbar with a selection icon, a refresh icon, and a status bar indicating "0 of 1 Selected". The main area contains a table with the following columns: "Attribute System Name", "Attribute Name", "Not Editable", and "Not Viewable". The table has one data row with the following values: "Dropped", "Marked for Drop", "True", and "False".

Attribute System Name	Attribute Name	Not Editable	Not Viewable
Dropped	Marked for Drop	True	False

The attribute system name, name, and whether it is editable or viewable are displayed. The following sections discuss how to manage restricted attributes.
