

Activate colorway segmentation

To activate any of the deleted segmentations, follow these steps:

1. Select the segmentation you want to activate by following any of these methods:
2. Select "Activate Record" from the Actions menu next to the segmentation you want to activate,
3. Click the checkbox on top of the records to select all segmentations then click the **Activate** button,
4. Click the checkbox(es) next to the segmentations you want then click the **Activate** button,
5. The following message appears showing the number of selected records:
