

## Images

Through this tab you can upload images for articles. Image types are defined for each seller and you can upload images for articles under these types. Images can also be managed through the **Images** module, refer to "[Images](#)".

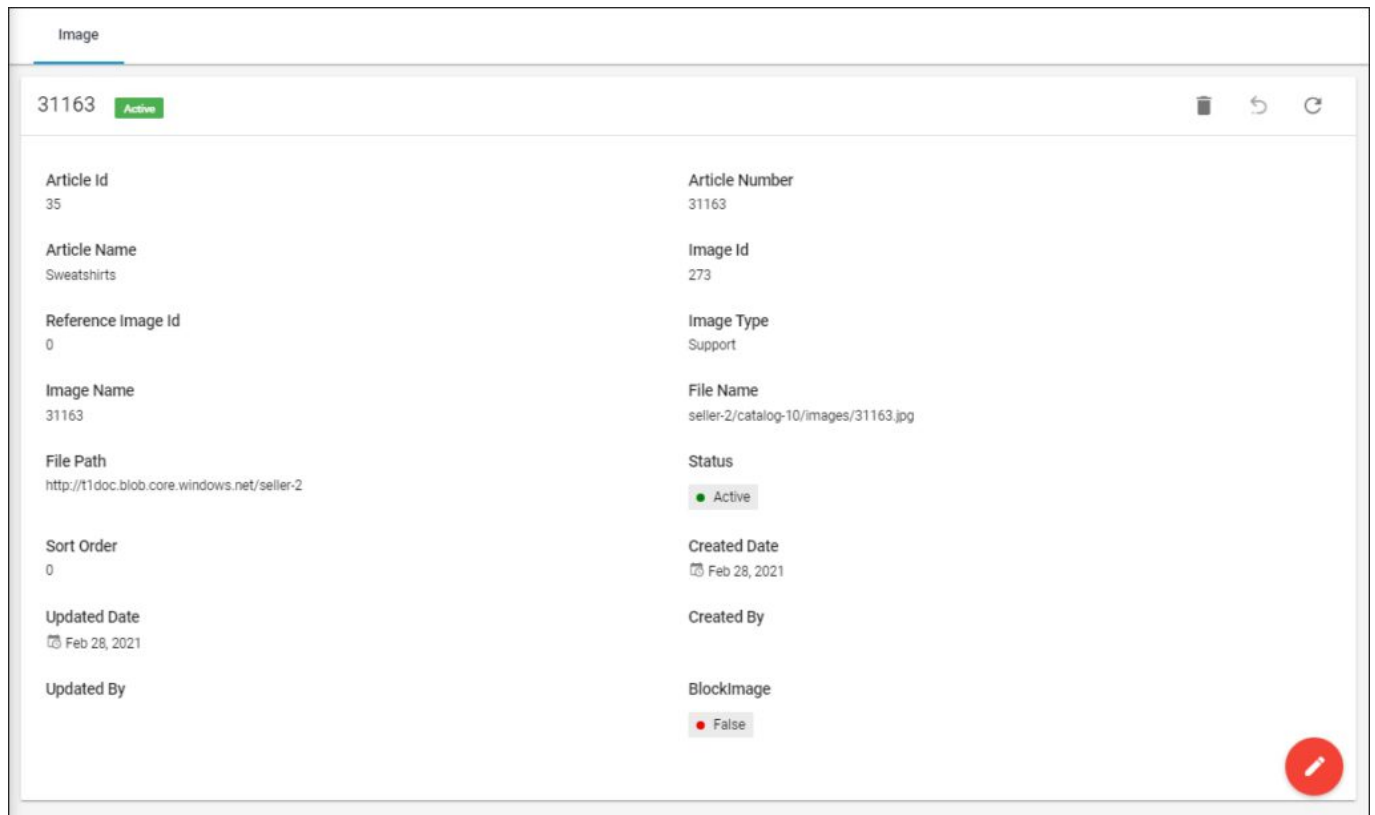

Go to **Images** tab, the following page appears:

| Image Name | Image Id | Image Type | Article Name | Status | Updated Date | Actions |
|------------|----------|------------|--------------|--------|--------------|---------|
| 31163      | 273      | Support    | Sweatshirts  | Active | Feb 28, 2021 |         |

The page lists the images added for the selected article, for each one the article number, image type, article name, status, and update date are displayed.

You can view images details by clicking the record or selecting "View Record" from the Actions menu, the following page appears:

The image details are displayed such as article number, article name, image name, and file path, etc. You can refresh the displayed information by clicking the respective button.

You can add an image to the article, update image or delete images as mentioned next.
