## Overwrite colorway code

If you have the required privileges, you can overwrite the color code for colorways which changes the last 3 digits of the colorway number.

**Note:**

- This action is only available for master catalogs and if changing the colorway number is allowed for the colorway state.

To overwrite the colorway code, select the respective option from the Actions menu next to it, the following window appears:

Enter the code you want then click **Save**.

**Note:**

- If the entered color code is already used for another colorway within the style, the color code cannot be updated and an error appears stating that the code is invalid as it is assigned to another colorway.
