

## Resource details

To view the resource details, click its record or select “View Record” from the Actions menu, the resource details are displayed as shown in the below example:

The screenshot shows a web interface with two tabs: "Resource" (selected) and "Articles". The main content area displays the details for a resource named "Product Information", which is marked as "Active". The details are organized into two columns:

<b>Resource Id</b> 1	<b>Resource</b> <a href="http://1[redacted]/filestorage/Resources/6/8/Information/Terms.pdf">http://1[redacted]/filestorage/Resources/6/8/Information/Terms.pdf</a>
<b>Reference Resource Id</b> 0	<b>Resource Type</b> Information
<b>Resource Name</b> Product Information	<b>File Name</b> Terms.pdf
<b>File Path</b> <a href="http://1[redacted]/filestorage/Resources/6/8/Information">http://1[redacted]/filestorage/Resources/6/8/Information</a>	<b>Status</b> ● Active
<b>SortOrder</b> 1	<b>Created Date</b> 📅 Nov 7, 2017
<b>Updated Date</b> 📅 Nov 7, 2017	<b>Created By</b> [redacted]

At the top right of the details view, there are icons for delete, refresh, and refresh. At the bottom right, there is a red circular icon with a white pencil, indicating an edit function.

The resource details are displayed such as its type, file name, path, and creation date, etc. Go to **Articles** tab to view the list of articles to which this resource file is assigned.

You can edit the resource and replace it with another file and manage its articles.
