

Show all and Hide inactive

By default, active and inactive records are displayed in T1 and the Show All slider button is “Off” by default. Using this button, you can display “Active” records only and hide the inactive ones. To do so, click the Actions menu then click the slider button to turn it on, inactive records are hidden as shown below:

The screenshot shows a table with the following columns: Article Number, Model Number, Status, Article Name, Division, MainDivision, and Actions. The Status column contains a green dot and the word "Active" for every row. A red circle with a white plus sign is overlaid on the Actions column of the last visible row.

Article Number	Model Number	Status	Article Name	Division	MainDivision	Actions
56723	FRP84	Active	Jacket	Apparel	Running	
9181	FIV91	Active	Cap	Accessories	Running
