

Typing in vetting list attribute values

You can start typing the value you want to retrieve in forms that have vetting list values instead of scrolling and selecting the required value. Below is an example:

The screenshot shows a 'New Record' form with a blue header bar containing a close button (X). The form contains several input fields: 'Merch Sub-Class', 'Style Family', 'Merch Moments', 'Franchise', and 'Primary Color'. The 'Merch Moments' dropdown menu is open, displaying a list of items: '103 EN Salmon', '108 SN Sand', '309 BN Sanguineous', '512 SN Saks', and 'Chesapeake Green'. A red rectangular box highlights this list. The 'Primary Color' field contains the text 'sa' and has a small 'X' icon to its right. At the bottom of the form, there are three buttons: 'CANCEL', 'SAVE', and 'SAVE AND NEW'.

Merch Moments
103 EN Salmon
108 SN Sand
309 BN Sanguineous
512 SN Saks
Chesapeake Green
