

Import saved views

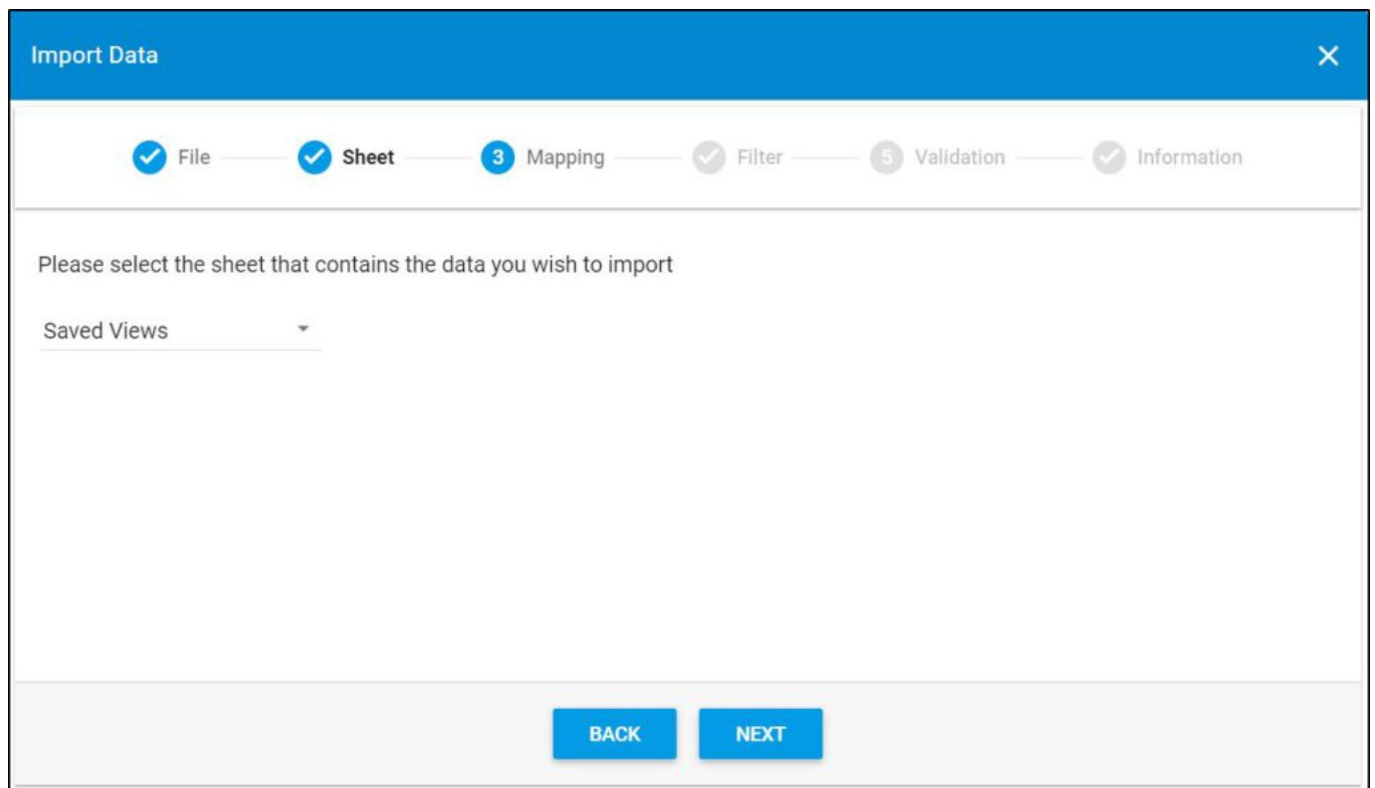

You can import a file with saved views instead of adding them individually which will save you time and effort. The saved view name is mandatory. To import a file with saved views, follow these steps:

1. Click the **Import** button, the following window appears:

The screenshot shows a window titled "Import Data" with a blue header bar and a close button (X) in the top right corner. Below the header is a progress bar with six steps: 1. File (active, blue circle), 2. Sheet (grey circle), 3. Mapping (grey circle), 4. Filter (grey circle with a checkmark), 5. Validation (grey circle), and 6. Information (grey circle with a checkmark). The main area of the window contains two radio buttons: "Last Used File" (unselected) and "New File" (selected, blue circle). Below the radio buttons is a text field labeled "Filename:" with the placeholder text "[none]". To the right of the text field is a button labeled "SELECT...". At the bottom of the window are two buttons: "BACK" and "NEXT".

2. Click **Select** to browse for the file you want to import,
3. Select the file then click **Open**, the name of the file you selected appears in its field, click **Next**, the following window appears:

The image shows a dialog box titled "Import Data" with a blue header bar and a close button (X) in the top right corner. Below the header is a progress bar with six steps: "File" (checked), "Sheet" (checked), "Mapping" (active, highlighted with a blue circle and number 3), "Filter" (checked), "Validation" (highlighted with a grey circle and number 5), and "Information" (checked). The main area of the dialog contains the text "Please select the sheet that contains the data you wish to import" and a dropdown menu labeled "Saved Views" with a downward arrow. At the bottom of the dialog are two blue buttons: "BACK" and "NEXT".

You can click **Back** to return to the previous window.

4. Select the sheet you want from the dropdown list in case your Excel file contains more than one sheet,
5. Click **Next**, the following window appears:
