

Edit configuration value

To update the value of any of the seller configurations, select Edit record from the Actions menu next to it, the following window appears:

The 'Edit Configuration' window features a blue header with the title and a close button. Below the header, the label 'Value *' is positioned above a text input field containing the array '[1,2,3,4,5,10,11]'. At the bottom right, there are two buttons: 'CANCEL' and 'SAVE'.

If the configuration is of type Boolean, a slider is displayed as shown in the below example:

The 'Edit Configuration' window features a blue header with the title and a close button. Below the header, the label 'Value' is positioned next to a toggle switch that is currently turned on. At the bottom right, there are two buttons: 'CANCEL' and 'SAVE'.

Update the values as required, then click **Save**.
