

## Edit image type

To edit any of the existing types, select Edit record from the Actions menu next to it, the following window appears:

The 'Edit Record' dialog box features a blue header with the title 'Edit Record' and a close button (X). The main area contains three input fields: 'Type \*' with the value 'PDF' and a character count '3 / 50', 'Expression \*' with an empty field and a character count '2 / 100', and 'Sort Order' with the value '1'. At the bottom right, there are two buttons: 'CANCEL' and 'SAVE'.

Field	Value	Character Count
Type *	PDF	3 / 50
Expression *		2 / 100
Sort Order	1	

Update any of the displayed information then click **Save**.
