

Edit seasonless article attribute

You can edit a seasonless article attribute by updating the allowed values and criteria. To do so, click the attribute record or select Edit record from the Actions menu next to it, the following window appears:

The screenshot shows a modal window titled "Edit Record" with a close button (X) in the top right corner. The window contains the following elements:

- A search bar with a magnifying glass icon and the text "Search".
- An "Attribute Name*" field with the value "Colorway" and a character count "8 / 200".
- An "Allowed Values" section with four tags: "White x", "Red x", "Blue x", and "Black x". To the right of these tags is the text "Use enter to add value".
- A "Criteria" field.
- At the bottom right, there are two buttons: "CANCEL" (dark grey) and "SAVE" (blue).

Update the allowed value and criteria if you want, then click **Save**.
