

Edit seasonless model attribute

You can edit a seasonless model attribute by updating the allowed values and criteria. To do so, click the attribute record or select Edit record from the Actions menu next to it, the following window appears:

The 'Edit Record' window features a blue header with the title 'Edit Record' and a close button (X). Below the header is a search bar with a magnifying glass icon and the placeholder text 'Search'. The main content area includes an 'Attribute Name *' field with the text 'Agegroup' and a character count '8 / 200'. Underneath is the 'Allowed Values' section, which contains a tag 'Youth' with a close button (X) and the instruction 'Use enter to add value'. Below this is a 'Criteria' field. At the bottom right, there are two buttons: 'CANCEL' and 'SAVE'.

Update the allowed value and criteria if you want, then click **Save**.
