

Seller colors

Through this tab, you can manage colors at the seller level instead of the catalog level. These colors are used to manage color palettes at the catalog level. **Colors** tab appears as shown in the example below:

Color Id	Color Name	Color Code	Hex Code	Color Group	Updated By	Updated Date	Actions
<input type="checkbox"/> 18	YELLOW	008	#FFFF00	Yellow group	@trasix.com	Jan 18, 2024	⋮
<input type="checkbox"/> 17	WHITE	006	#FFFFFF	White group	@trasix.com	Jan 18, 2024	⋮
<input type="checkbox"/> 16	BLUE	007	#0000FF	Blue group	@trasix.com	Jan 18, 2024	⋮
<input type="checkbox"/> 15	ORANGE	005	#FFA500	Orange group	@trasix.com	Jan 18, 2024	⋮
<input type="checkbox"/> 14	RED	004	#FF0000	Red group	@trasix.com	Jan 18, 2024	⋮
<input type="checkbox"/> 13	JADE	003	#00A36C	Green group	@trasix.com	Jan 18, 2024	⋮
<input type="checkbox"/> 12	GREEN	002	#008000	Green group	@trasix.com	Jan 18, 2024	⋮
<input type="checkbox"/> 11	BLACK	001	#000000	Black group	@trasix.com	Jan 18, 2024	⋮

Colors are listed along with the Id, code, hex code, color group, the user who updated the records, and the date.
