

Seller details

To view the seller details, click its record or select View record from the Actions menu next to the seller, the following window appears:

Seller details are displayed such as the account name, organization, address, and other information. For master sellers and depending on the seller definitions, other tabs appear to help you manage master size scales, seasonal model attributes, etc. as shown in the above example.

You can view the seller users, catalogs, customers, and manage image types, order types, configurations, and colors etc. as mentioned in the coming sections. You can also update the seller information, delete and activate the seller, and import the list of buyer user customers.
