

Image types

Through this tab, you can manage resource types for the selected seller, such as images, files, and videos, etc. To do so, go to **Image types**, the following window appears:

Id	Type	Expression	Updated Date	Actions
101	Image		Jun 25, 2018	
100	PDF		Jun 25, 2018	
99	Videos		Jun 25, 2018	
17	Support		Jan 19, 2017	
3	Images		Jan 6, 2017	

Resource types are listed, for each one the expression and updated date are displayed. You can add a new type, and update any of the existing types as mentioned in the coming sections.
