

Import stock - Tabular view

To import a file with stocks for colorway sizes, it is mandatory to provide a list containing the colorway number, size, and at least one stock code for the selected catalog.

To import a file with stocks, follow these steps:

1. Click the **Import** button, the following window appears:

The screenshot shows a window titled "Import Data" with a blue header bar and a close button (X) in the top right corner. Below the header is a progress bar with six steps: 1. File (active, blue circle), 2. Sheet (grey circle), 3. Mapping (grey circle), 4. Filter (grey circle with a checkmark), 5. Validation (grey circle), and 6. Information (grey circle with a checkmark). The main content area has two radio buttons: "Last Used File" (unselected) and "New File" (selected, blue circle). Below the radio buttons is a text field labeled "Filename:" with the placeholder text "[none]". To the right of the text field is a button labeled "SELECT...". At the bottom of the window are two buttons: "BACK" and "NEXT".

2. Click **Select** to browse for the file you want to import,
3. Select the file then click **Open**, the name of the file you selected appears in its field,
4. Click **Next**, the following window appears:

Import Data

✓ File — ✓ **Sheet** — ✓ Mapping — ✓ Filter — **5** Validation — ✓ Information

Please select the sheet that contains the data you wish to import

Stock ▼

BACK NEXT

You can click **Back** to return to the previous window.

5. Select the sheet you want from the dropdown list in case your Excel file contains more than one sheet,
6. Click **Next**, the following window appears:

Import Data

File Sheet Mapping Filter **5** Validation Information

Please select the columns in your sheet that match each of the following fields. All fields marked with a * are mandatory and must be mapped before continuing.

Search

Colorway Number* = Colorway Number

Size* = Size

stock01

BACK NEXT

7. Select the column of the sheet that matches each field, you can search for the field you want using the search field, then click **Next**, the following window appears:

Import Data

File Sheet Mapping Filter **5** Validation Information

Would you like to import all the rows in the sheet or only the rows that match a specific criteria?

☒ Import All Rows

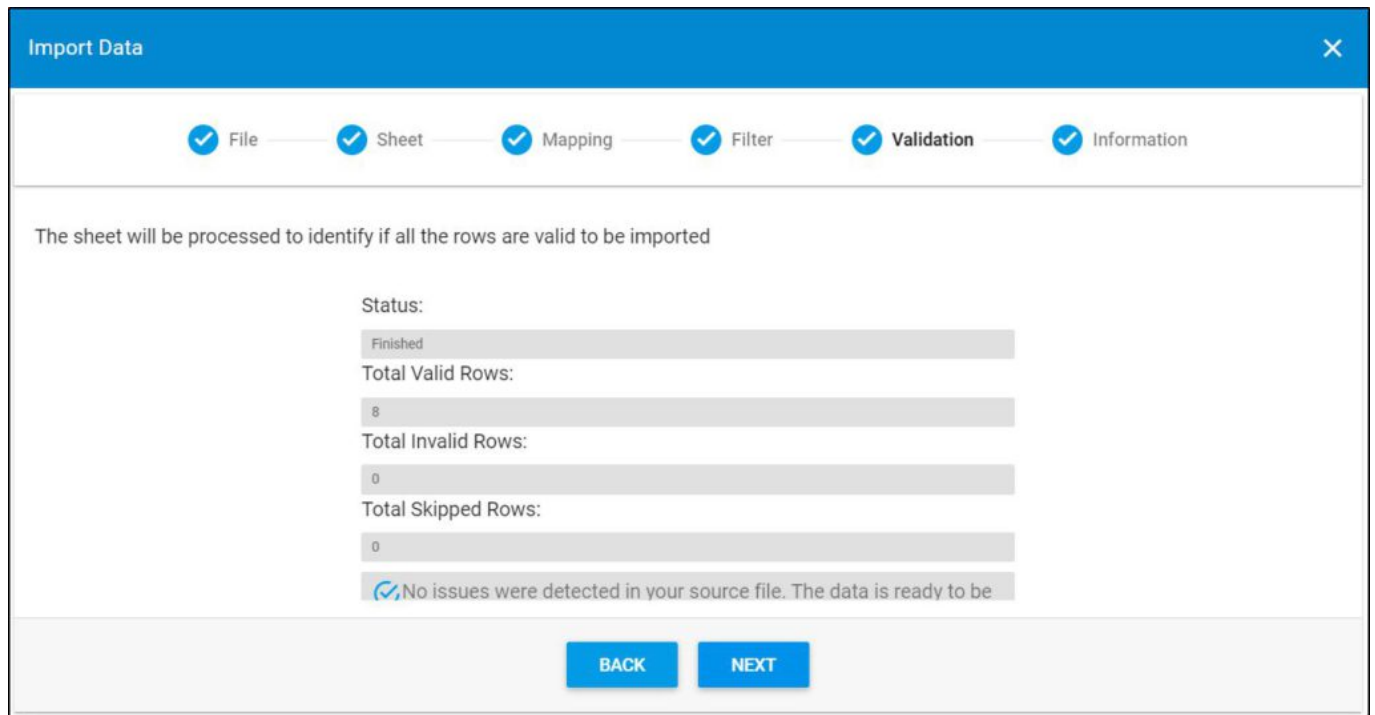

☐ Import Only the Rows that match the following criteria:

BACK NEXT

8. Click the radio button next to the import method, either all rows or rows that match

certain criteria, a validation window appears informing you if records are valid or not, if not, you need to fix the sheet then import the file again,

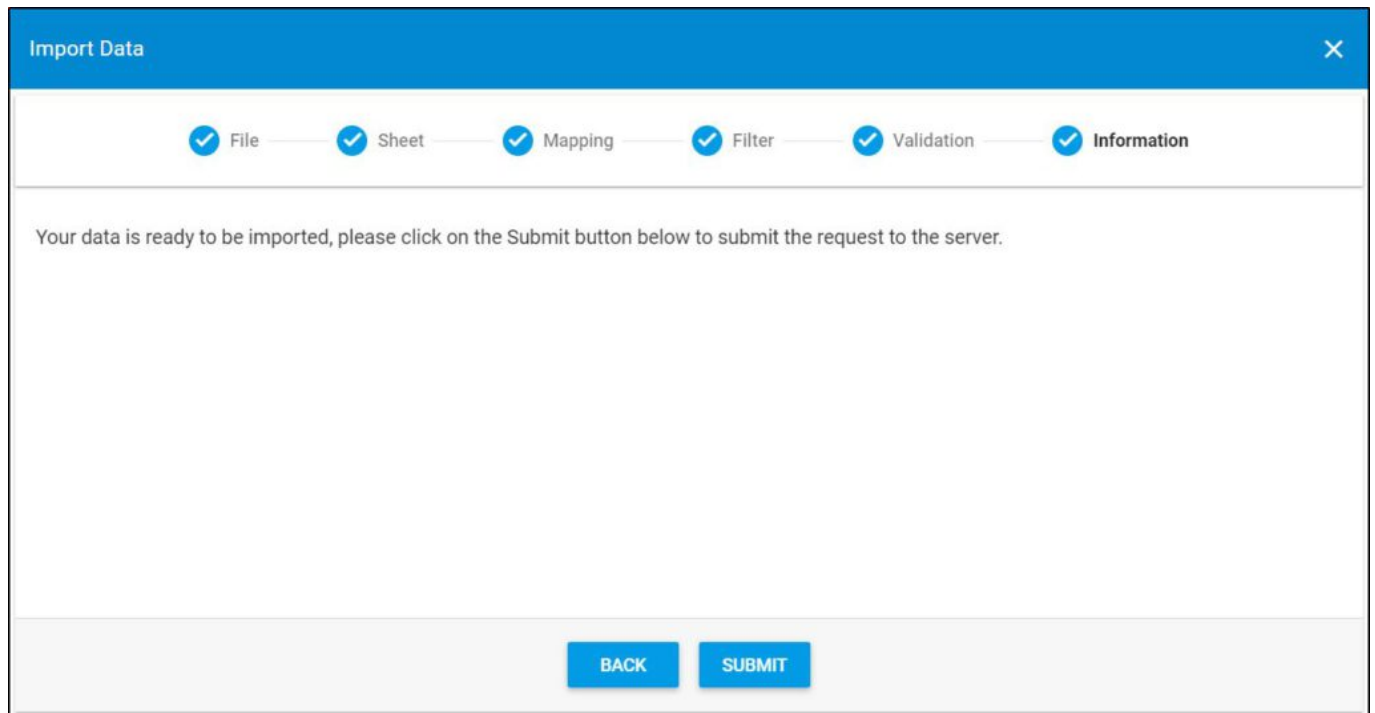

9. Click **Next**, the following window appears:

The screenshot shows a window titled "Import Data" with a blue header and a close button (X) in the top right corner. Below the header is a progress bar with six steps: File, Sheet, Mapping, Filter, Validation, and Information. Each step has a blue checkmark icon. The "Validation" step is currently selected and highlighted. Below the progress bar, the text reads: "The sheet will be processed to identify if all the rows are valid to be imported". Underneath this text, there are four labels with corresponding input fields: "Status:" with a dropdown menu showing "Finished", "Total Valid Rows:" with a text box containing "8", "Total Invalid Rows:" with a text box containing "0", and "Total Skipped Rows:" with a text box containing "0". At the bottom of these fields, there is a blue checkmark icon followed by the text: "No issues were detected in your source file. The data is ready to be". At the very bottom of the window, there are two blue buttons labeled "BACK" and "NEXT".

The validation window shows the status of the import process, the total number of valid rows, and the total number of invalid and skipped rows. The above example shows that all the rows are valid.

10. Click **Next**, the following window appears:

A screenshot of a web application dialog box titled "Import Data" with a close button (X) in the top right corner. Below the title bar is a progress bar with six steps: "File", "Sheet", "Mapping", "Filter", "Validation", and "Information". Each step is preceded by a blue circle containing a white checkmark, and they are connected by horizontal lines. The "Information" step is the final and highlighted step. Below the progress bar, a message reads: "Your data is ready to be imported, please click on the Submit button below to submit the request to the server." At the bottom of the dialog, there are two blue buttons: "BACK" and "SUBMIT".

Import Data

✓ File — ✓ Sheet — ✓ Mapping — ✓ Filter — ✓ Validation — ✓ Information

Your data is ready to be imported, please click on the Submit button below to submit the request to the server.

BACK SUBMIT

11. Click **Submit**, the progress window is displayed,
12. Wait until the job is finished, then refresh the page, stocks are imported.

Notes:

- If changes are not reflected on the page, refresh the browser by pressing F5.
- If any of the records are invalid, you can skip them by clicking the checkbox next to *Skip invalid rows* as shown in the below example:
