

Add watch filter

To add a watch filter, follow these steps:

1. Click , the following window appears:

The screenshot shows a 'New Record' dialog box with a blue header and a close button (X) in the top right corner. The form contains the following fields:

- Name ***: A text input field with a red underline. Below it, the text 'Field required' and '0 / 500' is displayed.
- User Name ***: A text input field.
- Filter ***: A text input field with a red underline. Below it, the text 'Field required' is displayed.
- Price Groups**: A text input field.
- Segmentations**: A text input field.

At the bottom of the dialog box, there are three buttons: 'CANCEL' (dark grey), 'SAVE' (light grey), and 'SAVE AND NEW' (light grey).

2. Enter the filter name,
3. Select the username,
4. Enter the filter in JSON format,
5. Select the price groups and segmentations, if you want,
6. Click **Save** to add the filter and close the window, or **Save and New** to add it and close the window. The filter is added to the list.
