Activate articles

**Notes**:

- Activating articles will cause order lines containing those articles to be reactivated in the master catalog.
- Activating articles in the master catalog will not activate them for its inherited catalogs.

To activate any of the deleted articles, follow these steps:

1. Select the articles you want to activate by following any of these methods:

- Select "Activate Record" from the Actions menu next to the article you want to activate,
- Click the checkbox on top of the records to select all articles then click the **Activate** button,
- Click the checkbox(es) next to the article you want then click the **Activate** button,

The following message appears showing the number of selected articles:

You can click **Cancel** to keep the records inactive.

2. Click **Activate Record** to confirm activating the articles. The article status changes to "Active".
