

## Article details

You can view and update article details and assign delivery dates, images, resources to articles. You can also define the sizes and prices for articles. You can also view any changes that were done on the article status or number.

To view the articles details, click the article record or select “View Record” from the Actions menu next to it, the article details are displayed as shown below:

The screenshot shows a web interface for viewing article details. At the top, there are navigation tabs: Article, Delivery Dates, Resources, Images, Sizes, Prices, Segmentation, History, and Related. The 'Article' tab is selected. Below the tabs, the article number '64427' is displayed with a green 'Active' status indicator. To the right of the article number are three icons: a trash can, a refresh icon, and a circular refresh icon. The main content area is divided into two columns of attributes and their values:

<b>Id</b> 34	<b>Article Number</b> 64427
<b>Model Number</b> ENL99	<b>Article Name</b> Sweatshirt
<b>Replacement Number</b> 64904	<b>Parent Replacement Number</b> (blank)
<b>Status</b> ● Active	<b>Drop Reason</b> (blank)
<b>Parent Status</b> ● Active	<b>Locked</b> ● False
<b>Article Source</b> (blank)	<b>Parent Retail Window</b> (blank)
<b>Retail Window</b> (blank)	<b>Shipment Start Date</b> 📅 Never

In the bottom right corner of the article details view, there is a red circular button with a white pencil icon, indicating an edit function.

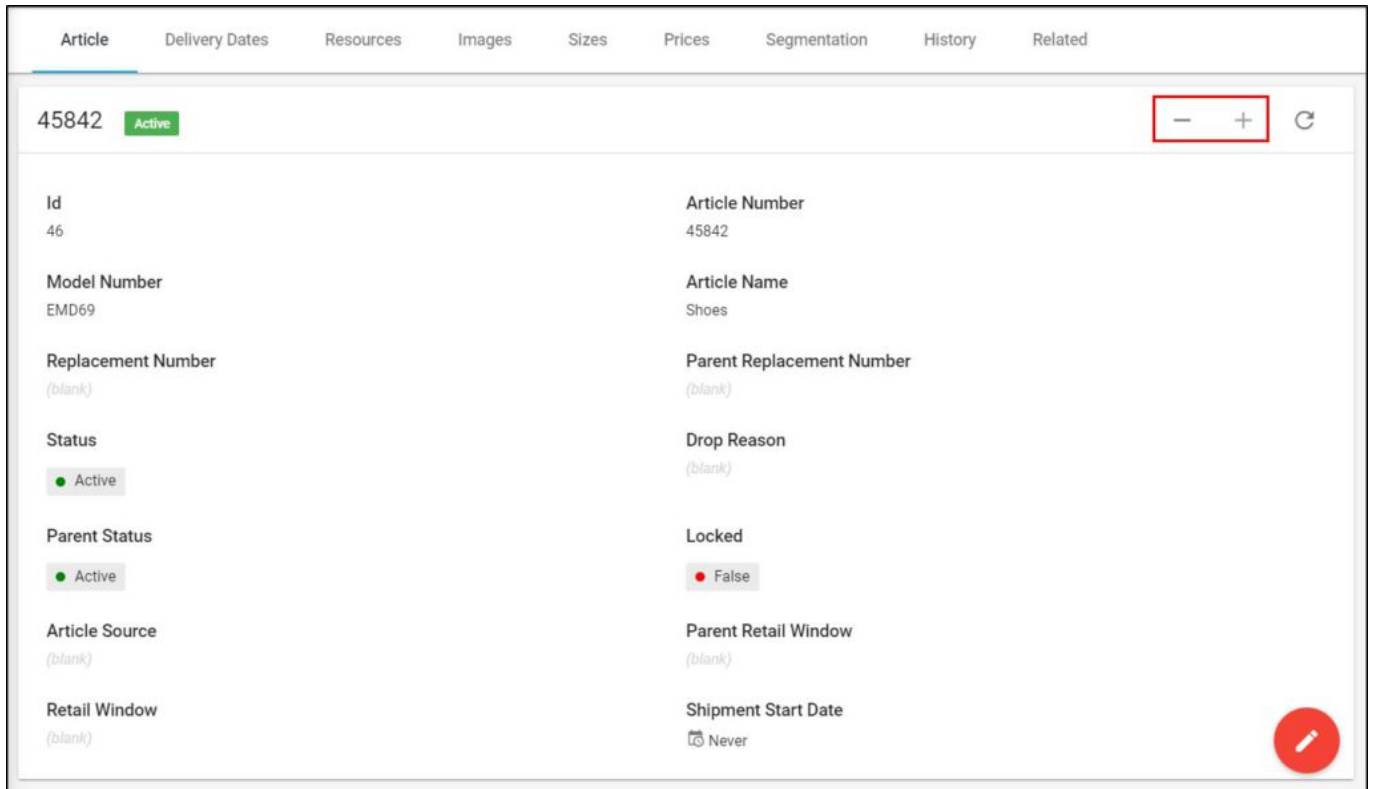

This tab displays the article details such as article number, model number, article name, and replacement number in case there is another article that replaces this one, the article status, and whether the article is locked or not, etc. It also lists the attributes and their values, the user who created and updated the article and the creation and update dates. The sequence in which attributes are displayed is specified at the catalog level. This is managed by the Trasix Support team.

You can edit the article details by clicking

For inactive articles, a few tabs are activated, such as delivery dates, sizes, history, and related. The other tabs cannot be viewed or activated.

For articles added to inherited catalogs, the article details page appears as shown below:

You can un-assign the article to the selected catalog by clicking (-).

The following sections discuss how to assign delivery dates, add resources and images to articles, and specify the sizes and prices among other actions.
