

## Delivery dates

Delivery dates are defined for each catalog and you can assign those dates to articles accordingly. You can manage delivery dates for active and inactive articles. Go to **Delivery Dates** tab, the following page appears:

Delivery Date	Description	Availability From	Availability To	Status	Catalog Delivery Date	Actions
<input type="checkbox"/> Feb 1, 2020	Feb 1, 2020	Never	Never	Active	Active	⋮
<input type="checkbox"/> Feb 11, 2020	Feb 11, 2020	Never	Never	Active	Inactive	⋮
<input type="checkbox"/> Mar 1, 2020	Mar 1, 2020	Never	Never	Active	Inactive	⋮

The page lists the delivery dates assigned to this article. For each date, the availability from and to, status for the article delivery date and catalog delivery date, and update date are displayed. For more information on delivery dates, refer to [“Delivery dates”](#).

You can assign a delivery date to the article or delete any of the dates assigned as mentioned in the following sections.
