

Allow orders

As mentioned before, you can allow receiving orders for a catalog after stopping them. To do so, follow these steps:

1. View the catalog you want, the following page appears:

The screenshot shows a web interface for managing a catalog named 'Winter Collection'. The interface has a top navigation bar with tabs: Catalog, Attributes, Configurations, Delivery Dates, Price Group, Segmentation Group, Segmentations, Stock Definition, and Tree. The 'Catalog' tab is selected. Below the navigation bar, there's a header for 'Winter Collection' with an 'Active' status indicator. To the right of the header are several action icons: a trash can, a refresh icon, a close icon, a checkmark, a download icon, a close icon, a checkmark, and a refresh icon. The main content area is divided into two columns of settings. The left column includes: Season (Winter), Data Source Type (master), Catalog Code (10), Order Plugin (blank), Apply Size Scale (False), Apply Price by Style (False), Allow Requested Article Creation (True), and Master Catalog Code. The right column includes: Year (2,022), Seller Account (Emerging Market), Catalog Name (Winter Collection), Is Vas Enabled (True), Apply Retail Window (False), Independent Sizes (False), Reference Catalog, and Attribute Group Name. A red circular button with a white pencil icon is located in the bottom right corner of the settings area.
