

Copy resources

As mentioned before, resources which are cascaded from parent catalog can be copied to child catalogs. To do so, follow these steps:

1. Click **Copy resources**, the following window appears:

The screenshot shows a window titled "Copy Resources" with a close button (X) in the top right corner. Below the title bar is a toolbar with a checkbox, a copy icon, a refresh icon, and a status indicator "0 of 3 Selected". The main area contains a table with four columns: "Resource Name", "Resource Id", "Status", and "Updated Date". There are three rows of data, each with a checkbox in the first column.

Resource Name	Resource Id	Status	Updated Date
<input type="checkbox"/> Size Chart	83	Active	Jun 24, 2019
<input type="checkbox"/> Marketing Image	82	Active	Jun 24, 2019
<input type="checkbox"/> Product information	4	Active	Jun 2, 2019

2. Click the checkbox(es) next to the resource(s) you want, or click the checkbox on top of the records to select all,
3. Click  , the selected resources are added to the catalog.
