

Export orders

You can export your orders to whether a PDF file or an Excel file.

Note:

- Exporting orders to PDF is limited to one order only, while when exporting to Excel, you can export up to 25 orders within a file.

To export orders, follow these steps:

1. Click **Export**, the following window appears:

The screenshot shows a 'Export' wizard window. At the top, the title bar says 'Export' with a close button 'X'. Below the title bar is a progress bar with five steps: 1 Data, 2 Format, 3 Filter, 4 Options, and 5 Review. The 'Data' step is currently active. On the left side of the window, there is an image of a stack of books. On the right side, there is a list of options to export, each with a radio button: Articles, Merchandising Board, Orders (selected), Order Form, Requests, Forecast Summary, Forecasts, and Change Logs. At the bottom right of the window, there are two buttons: 'BACK' and 'NEXT'.

If options are saved, a menu appears enabling you to select the export option you want as shown below:

The sheet lists the articles along with their sizes, prices, and other attributes. The first row of the sheet contains the customer name and customer code, while the second row contains the location name and location code. Each location has a separate column. The third row displays the column headers for the order data plus the order reference. The first row of each article size and delivery date is highlighted.

To overwrite those orders, you can update the sheet and import it to T1 Studio. For more information, refer to [“Import order”](#).

- If the selected format is Power Point with group by option selected, the file appears as shown in the below example:

Article are listed with quantities for each. The total quantity and total value for each group are also displayed. Only active orders, orderlines, and sizes are included in the file.

If the customer is not assigned to the same segmentation of the article, the location column appears highlighted in grey and quantities cannot be entered, otherwise, it is highlighted in light green as shown above.
