

Import favorites

You can import a file with your favorite articles to add multiple articles in an easy way to T1 Studio. To import the file, follow these steps:

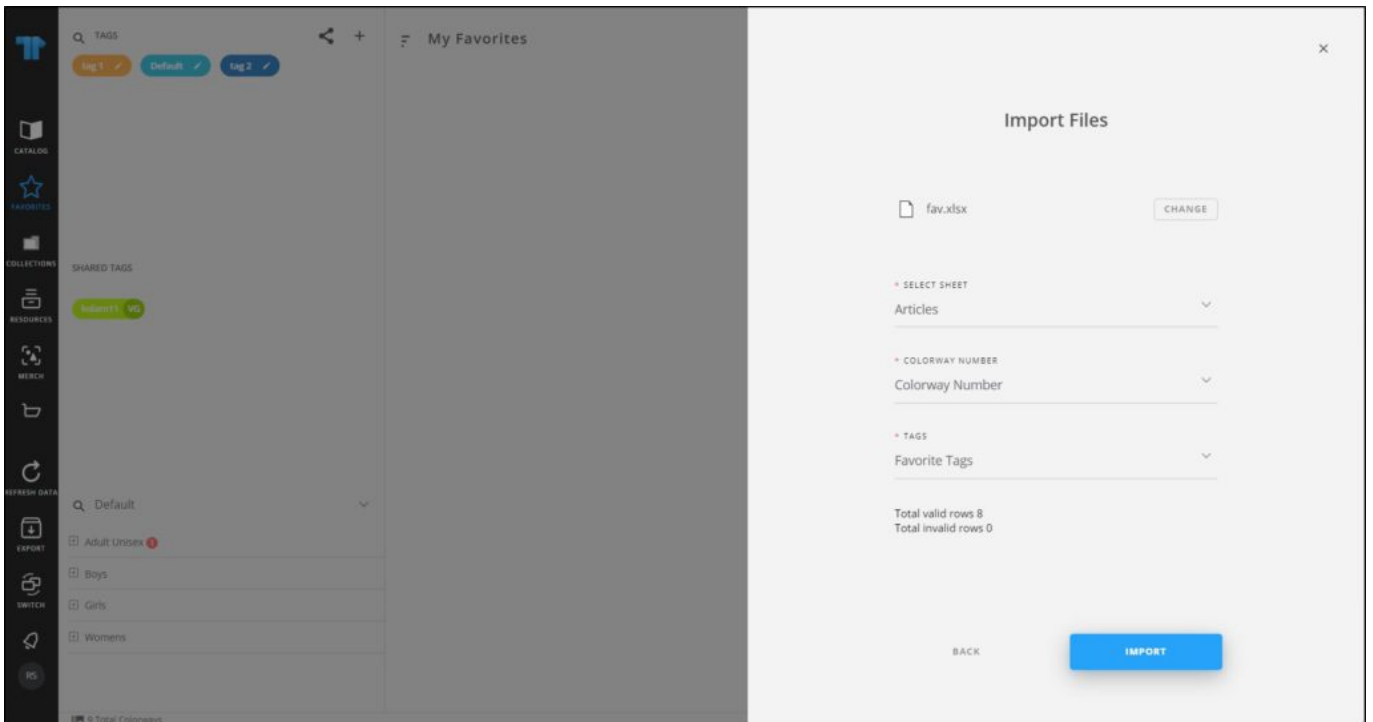

1. Click  then select “Import Favorites”, the following window appears:

2. Drag and drop the file you want or click **Select File** to browse for the file you want to import,
3. Select the sheet you want from the dropdown list then click **Next**, the following window appears:

4. Select the column of the sheet that matches each field then click **Next**, the following window appears:

If the file contains invalid rows, you can either click **Get Results** to check the invalid rows and fix the file then import it again, or click the checkbox next to “Skip invalid rows” and import the valid rows.

5. Click **Import**, a message appears informing you that favorites are imported. You can browse the imported articles.
