Tags

Favorite articles are added to favorite tags. You can manage your favorite tags by adding new ones, updating, or deleting any of the existing ones, and viewing the articles added to tags. You can also view tags shared by other users and share tags. Tags are displayed to the left side of the window as shown in the below example:

You can view your tags in addition to the tags shared by other users. Click the tag you want to view its articles.

Note:

• Shared tags cannot be updated and you cannot add articles to those tags.

Add tag

To create a tag, follow these steps:

1. Click +, the following field appears:

- 2. Enter the tag name,
- 3. Select the tag color by clicking the icon next to the **Add** button, the following options appear:

4. Select the color you want, then press Enter or Click Add, the tag is added.

Share tag

To share tags with other users, follow these steps:

1. Click \leq , the following window appears on the right side of the window:

Ŧ	Q TAGS < +	.ੁ My Favorites	× Share Tags
