

Create forecast

To create a forecast, click **Create forecast** button, the following window appears:

The image shows a 'Create Forecast' dialog box. At the top, the title 'Create Forecast' is centered, with a close button (X) on the right. Below the title, the label 'LOCATION' is followed by a text input field containing the word 'Location'. A horizontal line is positioned below the input field. At the bottom of the dialog, there are two buttons: 'CANCEL' on the left and 'SAVE' on the right. The 'SAVE' button is highlighted in blue.

Select the location(s) you want, then click **Save**.

If the logged in user is "Full range", the window appears as shown below:

Create Forecast
