

Add link

You can add a hyperlink to your slide. To do so, follow these steps:

1. Select Add Link from the **Insert** menu, the following window appears:

A screenshot of a dialog box titled "Add Link" with a close button (X) in the top right corner. The dialog contains two input fields: "DISPLAY TEXT" and "LINK". Below the input fields are two buttons: "CANCEL" and "ADD". The "ADD" button is highlighted in a light gray color.

2. Enter the display text and the link, each in its field,
3. Click **Add**, the link is added to the slide and you can press **Ctrl** and click the link to open it.
